HARMONY EXISTS

Among the Democratic Leaders of Indiana—The Delegates at Large Named.

INDIANAPOLIS, April 15.—Important results were reached last night at a conference of all the leading Cleveland and Gray representatives of Indiana with the democratic state central committee and the executive committee of the body. It was agreed that the most influential representatives of the Cleveland and Gray elements should go to the state convention and urge the adoption of a resolution indorsing Cleveland's administration, declaring that tariff reform should be the leading issue of the coming campaign, and upon that issue Mr. Cleveland would be the logical candidate of the Chicago convention; also testifying to the confidence felt for Governor Gray, that he was worthy of the highest honors, and that in the event of the Chicago convention failing to nominate Mr. Cleveland that the Indiana delegates endeavor to effect Gray's nomination by every honorable effort within their power. Such resolutions will undoubtedly be passed. Senator Turpie will be chairman of the convention, and the delegates-at-large will be Senator Voorhees, ex-Chairman C. L. Jewett, Hugh Dougherty and S. E. Morss. Governor Gray was present last night at the meeting.

VENEZUELA REVOLUTIONISTS

Gain an Important Point in Their Struggles Against Palacio.

CARACAS, Venezuela, April 15.—The revolutionists have had a stroke of good fortune in the capture of two government ships, which were loaded with arms and munitions of war for the government forces. As these articles were very scarce in the revolutionist camp, it can readily be seen that they are a perfect Godsend. It is said the insurgents will soon begin their march toward this city. Shortly after the capture of the government vessels the revolutionists were further rejoiced to learn that in two skirmishes with Palacio's troops their advance guard had won decided victories. The news of these events has since caused the feeling of uneasiness in Caracas among Palacio's partisans and strengthened the cause of his enemies.

RETALIATION.

Canada Endeavors to Get Even With New Foundland.

OTTAWA, Ont., April 15.—It now appears that the dominion government has abandoned all hope of effecting a reconciliation with New Foundland, and in order to enable them to retaliate against the aggressive policy which the New Foundland government has directed against Canadian fishing vessels, Minister of Marine Tupper has introduced a bill which gives the government the power to retaliate against New Foundland vessels entering Canadian waters in the same way that Canadian vessels in the waters of the colony are dealt with.

A COMPLETE TRUST.

The Last Match Company Surrenders to the Combine.

LEBANON, Pa., April 15.—The stockholders of the Lebonon Match company have sold all their stock to John F. Jaques, of Clinton, Iowa, representing the Diamond Match company, of Chicago, for $125,000, an interest in valuable machinery patents by the company being retained. This company was the last of those not originally in the trust to surrender to the Diamond people.

QUITE SATISFACTORY.

The Electric Welded Projectile a Great Success.

WASHINGTON, April 15.—An electric welded projectile, in which there is all the interest attached to a novelty in ordnance material, has been tested at Indian Head with satisfactory results. Four shells were fired at two plates, one of which was a two and one-half inch steel deck plate and the other a three inch iron armor plate. All the shells penetrated the targets.

SULLIVAN'S OPINION

of the Coming Fitzsimmons-Hall Battle.

ST. LOUIS, April 15.—Of the Hall-Fitzsimmons fight Sullivan said yesterday: "If Fitz fights Hall at catch weights his goose is cooked. Hall has a longer reach than Fits, punches harder and is undoubtedly game. It will be a fair fight, but Hall will win it. The scheme to pull off the fight the same week with mine is a good one."

SUSPICIOUSLY MISSING.

A New York Central Freight Cashier Gone Wrong.

BUFFALO, N. Y., April 15.—A special from Suspension Bridge says that E. B. Towne, cashier of the New York Central freight office at that place, disappeared at noon on Wednesday and it is feared there is a shortage in his account. Two auditors are checking his books. It is said that Towne had been speculating in real estate.

SENSATIONAL CHARGES.

Garza Adherents Lay Charges of Cruelty to Captain Bourke.

WASHINGTON, April 15.—Lawyer R. L. Summerlin, of San Antonio, Texas, is in the city, and announces that he is seeking justice for the family of Garza, the revolutionist, and for a good many others on the Texas border who claim that they have been maltreated by the United States troops under Capt. John G. Bourke. Mr. Summerlin says he has over fifty affidavits with him charging the most wanton cruelty on the part of Captain Bourke. Refusing people water to drink, striking an old gentleman in the face with his fist, dragging a mother from her two months old babe and choking and beating a decrepit old man of seventy are some of the acts, Mr. Summerlin says, with which the captain is charged.

CHILI'S INTENTIONS.

She Desires Friendly Diplomatic Relations With the United States Government.

VALPARAISO, April 15.—There is not the slightest intention on the part of Chili to suspend diplomatic relations with the United States, nor has any intimation been received from Washington that any such desire exists there. The news rumor from the United States that such a purpose existed has therefore created much surprise both here and in Santiago. The intention of the Chilian government is, on the contrary, to maintain a lasting good understanding with the United States and for that reason Senor Albert B. Gana has been offered the post of minister to Washington in place of Pedro Montt. It is believed that Senor Gana will be highly acceptable to the United States, having filled the post of Chilian minister at Washington about twenty years ago.

DEVASTATING FLOODS

Still Continue to Sweep Over the Country Along the Various Rivers.

CHARLESTON, Mo., April 15.—The Ohio and Mississippi rivers are raising rapidly and fears of a general and disastrous overflow are entertained. Miles of wheat land are now under water to a depth varying from one to ten feet and hundreds of cattle are said to have perished.

WINNIPEG, Man., April 15.—The water continued to rise here all day yesterday, and if it keeps on another twelve hours the city must be partially flooded. Already a large portion of the Northern Pacific tracks are under water and both the electric light and gas companies' premises are within a shade of being flooded. Should the water rise a little more the town will be in darkness. Advices from St. Vincent, Emerson and other points up the river say that the water is rising all along and the danger of a flood is increasing.

REASON DETHRONED.

Pitiable Case of William Warcup, a Prominent Farmer.

William Warcup, a prominent farmer of Huntertown, this county, was brought to this city and arrangements were made this afternoon to have him adjudged insane.

A commission consisting of 'Squire Thornton, of Huntertown, 'Squire Tancey, of this city, and Drs. Greenwell and Wheelock were chosen to examine the case, which seems to be an unusually sad one. Warcup has lately exhibited a violent temper making frequent threats to kill members of his family.

His wife filed a suit against him for divorce last February, and it was stated today that this case would now be withdrawn. The unfortunate man is in the care of Wilson Parker and George Warcup, of Huntertown.

ITALY SATISFIED.

Her People Accept Our Terms in the New Orleans Tragedy Matter.

ROME, April 15.—The newspapers of this morning contain editorials on the settlement of the New Orleans difficulty. They are unanimous in expressing satisfaction with the terms offered by the United States government and the acceptance of the same by Italy, and the hope is earnestly expressed that the friendly relations now resumed will never be interrupted in the future.

EDITOR WHIPPED.

The Cause Was a Slanderous Newspaper Article.

SAN ANGELO, Texas, April 15.—An attack was made on B. S. Pierce, editor of the San Angelo Enterprise, in his office Wednesday night, by J. Willis Johnson, sheriff of Tom Green county. Editor Pierce was badly beaten. The difficulty was brought about by an article in the Enterprise reflecting on Sheriff Johnson's honor.

Snow in New Jersey.

WOMEN WILL VOTE.

The New York Legislature Pass a Bill Giving the Fair Sex the Right of Suffrage.

ALBANY, N. Y., April 15.—In the assembly this morning Mr. Yetman's bill to give woman the right to vote for all state officers came up and was briefly supported by Mr. Yetman, Mr. Husted and Mr. Sulzer. Mr. Drypolcher moved to strike out the enacting clause. This was lost by a vote of twenty four to sixty-nine. There was a good deal of merriment over the bill and not much serious argument. Mr. E. McCormack offered his stock amendment that red headed women should be included, but withdrew on being told by Mr. Gifford that it was an insult to the young ladies in the house. Mr. Adams said he had received more requests to vote for this bill than for any other before the legislature and each request asked for a blessing to go with the vote. He thought the legislature in need of blessing and he voted accordingly. A. R. Conkling, Mr. Coyle and Mr. Deyore were constitutionally opposed and voted against the bill. Mr. Latirange said that there was nothing that would alienate husband and wife more surely than politics, it would make home less like Heaven and more like the other place, and he voted no. Mr. Quigley thought that woman was too good to vote. Mr. Kennedy said that for the first time he had met the lobby on this bill, and he had promised the people outside to give this bill his unqualified support, which he does fully, for he believed it was a step in the right direction. Mr. Husted said the ablest statesmen the world ever saw, and the bravest people in the world were women. Mr. Smith said he was willing to share his privilege with his wife and stay at home half a day and tend the baby while she went to vote. M. P. J. Ryan said he believed it would elevate American politics. Mr. Strahn said that for fifty years a woman had ruled the greatest empire in the world; he believed in giving equal rights to American women. Mr. Webster said that when women came here with a request they should be listened to with a chivalric spirit. He could not give woman the suffrage, but so far as he could, he would accede to her wishes, and cheerfully voted for the bill. Later when Mr. Wissig, a member, made a speech full of double meaning, Mr. Wassert arose and indignantly demanded that all allusions thereto should be expunged from the record. This was carried. Soon after the bill passed, sixty-nine to thirty-four. In the senate today a bill was passed fixing the wages in New York city for laborers at $2 per day.

SOMEWHAT OF A SURPRISE.

Josiah King and Mrs. Celinda Blaugh Joined in Marriage.

Some of the neighbors and relatives in the west end were taken somewhat by surprise yesterday afternoon at 2:30, in the marriage of one of our citizens. In fact the bridesgroom himself seemed to be a little astonished that his wedding should actually occur, having deferred that important transaction for so many years. The presence of Pastor Northrop, however, at the lovely and newly furnished home of Josiah King, 28 Wilt street, indicated that he had some business there, for a few moments after his arrival, a company of friends especially invited hurried into the reception room, where a party of two, wishing to become one in the persons of Mr. Josiah King and Mrs. Celinda Blaugh, an estimable and worthy lady of Roanoke, stood before him and were pronounced husband and wife, according to the marriage service of the Baptist church. After the usual congratulations by many well-wishers, elegant refreshments were served, in which the average reporter never refuses to take part, and in spite of the storm outside there was good cheer, sharp jokes and merry hearts inside. Mr. and Mrs. King will be glad to welcome their large circle of friends at any time to their pleasant home, where we wish them many happy days and long life.

AWAITING THE SIGNAL.

Thousands of Men Ready for the Rush Into the Reservation.

WATERTOWN, S. D., April 15.—Everybody, except the 1,000 men in line at the land office, has left for the borders of the reservation to be ready for the signal gun at noon. A substantial chute to hold a line of men in single file has been constructed at the land office and filing will be taken at the rate of two a minute. The man who has first place has been holding it since Saturday night. He was offered $1,000 for it this morning, but refused. Register Phillips has received word from Washington that his bond has been accepted and his commission issued. This removes one element of uneasiness. The weather has cleared and every one is in the best of spirits. A rush early this morning to displace the head of the line was unsuccessful. The agents are very angry because no modification of the single filing ruling has been received from Washington. In other quarters, however, there is great satisfaction, as the ruling is conceded to be the fairest to all.

INSTANTLY KILLED.

Fatal Explosion of a Saw Mill Boiler at Milan, Tenn.

MILAN, Tenn., April 15.—The boiler of Hitchcocks' saw mill, near here, exploded yesterday, instantly killing Engineer John Smith. Smith was blown fifty feet in the air. He remarked a few moments before he had an impression that he would be killed. The other employes of the mill were badly injured.

THAT SEVEN MILLION.

World's Fair Commissioners Make a Strong Plea for the Government Appropriations.

WASHINGTON, April 15.—General St. Clair, Francis W. Breed, of Massachusetts, and Judge Harris, of Virginia, members of the national commission of the World's fair, were heard before the World's fair committee of the house yesterday, in support of the proposed loan or appropriation of $7,000,000 by the government in aid of the fair. General St. Clair argued as to the duty and responsibility of the government's connection with the fair. The local corporation, he said, was responsible for the fifteen great departments of the exposition, and were chargeable with supplying the power for machinery, light, heat, police and the grounds, and providing for the comfort of the public generally. There was no question as to the necessity of the appropriation as it had been shown that $18,000,000 would be required before opening the gates of the fair, instead of $10,000,000 as at first estimated. The bill authorizing the fair never contemplated having the local corporation raise over $10,000,000. This amount they had secured. The government should not allow the fair to be a failure for the use of a few million dollars. Mr. St. Clair spoke in the highest terms of the work of the board of lady managers and said that every dollar appropriated for that work would be well spent. The exposition was not a Chicago fair or Illinois show, but an exposition of the United States. Both Mr. Breed and Judge Harris made earnest appeals for the proposed loan.

INSTRUCTED FOR HARRISON.

Florida Republicans Elect Delegates to the Convention as Above.

TALLAHASSEE, Fla., April 15.—The republican state convention, which met here Wednesday, remained in session all night and a breezy and boisterous time was the distinguishing character of the proceedings. The delegates to the national convention elected are as follows: Rev. Joseph E. Lee, (colored), of Jacksonville, E. Grumby, of Tampa; Jos. A. Shaun, (colored), of Pensacola; and John G. Long, of St. Augustine, for the state at large. For congressional district, Archer Long, (colored), of Mortillo; E. S. Chubb, Orange county, Rev. H. S. Coleman, (colored), of Gainesville; J. S. Horr, of Key West. The platform endorses Harrison's administration, glorifies the republican party and arraigns democrats. It also endorses the McKinley tariff bill and regrets the failure of the lodge bill to become a law. The platform also denounces the Florida election law and democratic management of elections in the most seathing terms, and declares it useless for republicans to nominate candidates except for municipal offices. They say all elections as now held in Florida are full and unmitigated frauds.

GOOD FRIDAY.

New York City Observes the Day in a Commendable Manner.

NEW YORK, April 15.—Good Friday is being celebrated with great solemnity in all the Roman Catholic and Episcopal churches. Many other churches of all denominations are observing the day with religious services. Although the banks are not closed and the government buildings are open, as usual, the day is somewhat of a holiday in business circles. All the down-town exchanges are closed, and two of them, the coffee and cotton exchanges, will remain closed until Monday.

DEATHS AND FUNERALS.

The Grim Reaper Claims a Number of Victims.

Louisa, wife of Frederick Bernhard, organist at the Cathedral, died this morning at 10:30 o'clock, aged forty two years. She leaves a husband and four children, the youngest nine years old. The funeral services will take place at the Cathedral at 9 o'clock Tuesday morning.

Frederick C. Futter, aged seven years, son of Charles Futter, the Chicago street barber, died of diphtheria at 2 o'clock yesterday afternoon, at the family residence, 58 Baker street. The parents have the sympathy of a large circle of friends. The funeral will be private.

Henry Dunham, an old resident of Fort Wayne, died at Charleston, S. C., on April 8 while on his way from St. Augustine, Fla., where he had spent the winter, to Norwich, N. Y. The funeral was held at Norwich on April 12. While residing in Fort Wayne Mr. Dunham was a member of the Second Presbyterian church and superintendent of the Sunday school. As early as 1855 or 1856 Mr. Dunham was engaged in the work of building the old Nickel Plate road west from Fostoria to Fort Wayne. The road was simply graded and some bridges were built, but no ties or rails were laid, the great panic of 1857 knocking the enterprise into the eternal hence. Mr. Dunham's last business here was the keeping of a flour and feed store at the corner of Berry and Calhoun streets. He was about sixty or sixty-five years old.

NEW YORK, April 15.—At a meeting of leading republicans here last night it was decided to boom McKinley for president and Cornelius N. Bliss for vice president. Ex-Senator Warner Miller, ex-Congressmen Burleigh and West and others were present.

Call for the best. C. L. Centlivres Brewing company's bock.

NUNS IN TROUBLE.

All the Noble Colony at Work in Dahomey Are Thrust Into Prison.

PARIS, April 15.—The nuns arrested at Whydah by the order of King Behanzin are part of a colony sent out some time ago, with the view of assisting in educational and missionary work among the natives of Dahomey. The latest advices show that the Europeans at Whydah have been expecting trouble for some time, and that the nuns had been warned of their danger. They persisted, however, in remaining. It is said that a number of native scholars and converts have also been carried off to Abomey, and that the nuns may be compelled to witness the cruel sacrifice of those endeared to them. It is not believed that the Behanzin will injure any of his European prisoners, and that they will probably be held for ransom. Considerable anxiety is felt, however, on that question, as Behanzin is known to be a man of violent temper, and the situation of the prisoners during a war between the French and the Dahomeans will be precarious.

WORDS OF PRAISE.

Young Dr. Charles M. Stemen Receives Handsome Recognition.

Among the Fort Wayne boys who "went west to grow up" was Charles M. Stemen. When he left he had a well earned diploma that entitled him to the letters M. D. The young doctor landed in Kansas City, a stranger, with lots of pluck but not many hard dollars. He soon got a foothold and it was not very long before he was appointed police surgeon of Kansas City, a position he has filled so satisfactorily that he has been reappointed every year since then. This week he was reappointed for the fourth year. The Kansas City Times, a democratic paper, pays the young man this handsome compliment:

"The reappointment of Judge Leland, Captain Porter, Surgeon Stemen, and, in fact, the rest of the force will meet with universal approval. Regardless of politics citizens generally will be pleased to know of Surgeon Stemen's reappointment. His career as an attache of the police department dates back beyond the establishment of the present police law. Although young in years he has been a leader in the march of progress made by the department and aside from his unquestioned professional ability and success has proved a potent factor in securing the general advancement of the present police system over the old."

IMPORTANT CASE.

Fort Wayne Litigation in the Appellate Court—Arguments Made.

The most important case ever heard in the appellate court, at Indianapolis, according to the opinion of jurists, is that of Elmira Scott by her next friend vs Dillendoerfer, executrix of the Ruth Wells estate, to recover on a note claimed by the plaintiff to be executed by the late Ruth Wells in plaintiff's favor for the naming of her child. The famous litigation ran its course in the circuit court of this county, the defendants trying to prove the note a forgery and having experts here for that purpose. However a judgment was given the plaintiff for the amount, which involved something like $5,000. Judge Lowry and M. V. B. Spencer represented the plaintiff and Worden & Morris the defendant. Yesterday at Indianapolis the case was argued by the attorneys and a decision is expected in about two weeks.

OUR NEW PRESS.

Prints, Folds and Delivers a Complete Paper at the Rate of 4,000 Per Hour.

Owing to our rapidly increasing circulation we have found it necessary to secure a fast running press, one that will print both sides of THE SENTINEL at once and at a rate of 4,000 per hour. We make this improvement to enable us to serve our papers at an earlier hour in the evening. We will be enabled with this press to secure news up to 4 o'clock in the afternoon, one hour later than at present, and at the same time be able to reach our subscribers earlier than we now do. We want all subscribers to receive the paper before they sit down to their evening meal, and we also desire that they should retire happy in the knowledge that they have not only received the latest local news but the very latest telegraph from all sections of the globe.

Our aim is to make THE SENTINEL so valuable that no family in Fort Wayne and surrounding towns can well afford to be without it.

We appreciate very highly the support and encouragement given us by our patrons in the past, knowing full well that all efforts to please them and give them the very latest news will only tend to strengthen the paper in their affections and bind them more closely to the leading paper of northern Indiana.

The order for this press was given yesterday afternoon, and we expect to have it in our office running by the 1st of next July.

DIVORCED.

Oscar Nestle Legally Separated From His Wife—Court News.

Judge Dawson this morning granted Oscar Nestle a divorce from his wife, Belle Nestle. The grounds of divorce were cruel treatment. Henry Colerick appeared for plaintiff and the "Big Four" for defendant.

Sarah Barnhardt, through her attorney, M. V. B. Spencer, has filed a complaint in the circuit court, asking for a divorce and alimony from her husband, Peter Barnhardt. She alleges cruel treatment and drunkenness. Peter owns a farm and is worth about $4,000. The plaintiff asks for an order restraining him from disposing of said property.

George S. Greenwell has filed his final report as administrator of the estate of George Kniss, deceased.

The final report of Mason M. Bowen as administrator of the estate of Marion L. Bowen has been filed in the county clerk's office.

The case of Alfred C. Mayo, of Indianapolis, against the Lake Erie and Western railroad company, has been decided by the appellate court. Mayo entered a Lake Shore and Western train without previously purchasing a ticket. The conductor demanded ten cents in addition to the price he would have paid for a ticket. Mayo refused to pay the excess and was ejected from the train with force. He brought suit for damages at Muncie and secured a judgment for $600. The case coming up on appeal, the appellate court reversed the decision. A number of similar cases are pending in the courts of Illinois, Ohio and this state, and the final result of the Mayo suit has been watched by railway executive officials with marked interest.

The April term of the circuit court begins next Monday.

In the replevin suit of the Pottlitzer Fruit company vs. John Ferrati, Justice Ryan this morning rendered a judgment in favor of defendant.

In the circuit court, by her attorney, M. V. B. Spencer, Sarah Barnhardt has filed a complaint against her husband, Peter, in which she asks for a separation on the grounds of cruel treatment. The couple were married on June 11, 1867, and lived together until April 12, of this year. Throughout their married life he made life uncomfortable by calling her vile names. He is charged with being given to drunkenness, and when intoxicated as being quite abusive. The defendant owns forty acres of land, which, with personal property, is worth $4,000, and the plaintiff asks that an order of court be issued restraining the defendant from disposing of or destroying the same until the suit is settled.

Judge Dawson adjourned superior court yesterday on account of illness.

A suit in foreclosure of a mechanic's lien, demand $75, was filed by Gottfried W. Buehler against Christian Heine and others; P. B. Colerick is attorney for the plaintiff.

At a late hour this afternoon a crowd of small boys found the dead body of a babe along the banks of the St. Mary's river, near the works of the Fleming Manufacturing company, in Bloomingdale, where it had been floated by the current.

The body was that of a female infant about three weeks old, and the corpse was considerably swollen, as though it had been in the water five or six days. There is no clew to the mystery. The coroner was notified.

ANNUAL ME[illegible]

Of the Women's Home [illegible] Societies of the Fort [illegible] bytery at the First [illegible]

Yesterday began the six[illegible] nual meeting of the Women[illegible] and Foreign Missionary societie[illegible] Fort Wayne presbytery at the [illegible] Presbyterian church. The pr[illegible] delivered a short address and app[illegible] committees necessary to attend [illegible] work of the meetings. Miss Ida [illegible] of Waterloo, led the meeting [illegible] secretaries on the importance of the monthly meetings and how best to make them profitable.

The evening session was opened with devotional exercises by Rev. D. W. Moffat, after which the annual reports were read. Dr. Fulton, a lady physician of China, and a missionary to the ecclesiastical part of Asia, was then introduced. She said it is [illegible] easier [illegible] reach the Chinese hom[illegible] sionary work among them as a phy[illegible] than to be simply a missionary. [illegible] nese women are very modest and [illegible] customs of us Americans would ho[illegible] them. To jump around the room [illegible] a man's arms about her seemed to[illegible] a performance to be done with [illegible] sense of propriety.

The lecturer saw children looki[illegible] though they had just came out [illegible] spell of the small pox, and on in[illegible] gating the cases found that they [illegible] been burned by their parents. C[illegible] is not open. The port cites of co[illegible] are open; you have a right to g[illegible] and live, but just as [illegible] into the hostile province [illegible] the rior trouble begins. But they reg[illegible] as a devil, and would ask her [illegible] really true that she was a d[illegible] taking a picture card f[illegible] they would snatch it and d[illegible] for fear she was really a devil [illegible] catch them. Women had the [illegible] tage of men as missionaries [illegible] provinces, as ladies were not re[illegible] as political spies, while the men [illegible] under suspicion of coming there [illegible] out the land. The Chinese are [illegible] idolatrous nation, being wholl[illegible] up to idolatry. They expend annu[illegible] $350,000,000 in the worship of idols [illegible] the missionaries desire to cause th[illegible] to divert the use of this money to [illegible] building of schools, churches, hosp[illegible] etc.

The speaker said the missi[illegible] were having great influence ov[illegible] rich and great of China; the[illegible] who spend money on foreign [illegible] were doing the grandest work on [illegible] She thought God had preserve[illegible] great nation for some special p[illegible] There were some very fine [illegible] China, and the women were tea[illegible] and lovable, and no nation [illegible] higher than its women. THE Wichita Key, a monthly publication, issued by the Order of Railway Telegraphers, No. 105, of Wichita, Kas., made it's bow to the public this month. It is a bright, newsy paper, devoted to the interests of telegraphers generally.

OUR Hebrew friends are now in the midst of the annual feast of the Passover, which began last Monday. These festivals have a peculiar and striking significance, not alone to the Israelites, but to all people, because it commemorates the glorious event of Israel's departure from slavery in Egypt and the birthday of a nation which, may be truly said, revolutionized the world and established laws for all civilized people in all ages to come.

BROOKVILLE claims that the first system of waterworks in Indiana was operated in that city seventy years ago. Sycamore saplings were bored out and were used as mains, and the water was piped from a flowing spring, located on a hill. The system did not work satisfactorily. The sycamore piping was continually bursting under the pressure, besides which the pipes were suffered to lay too long in the sun before being put under the ground, and many of them sprung a leak. Watering troughs were distributed along the streets, and there was one family which piped the water into their residence. Other families, however, were content to have it flowing close at hand.

JUDGE TAYLOR, of the circuit court, sent W. O. Fishback, editor of the Terre Haute Express, to jail for thirty days, and fined him $100 and costs for contempt of court in accusing the court of corrupt political motives in suspending the investigation of the grand jury in the sewer scandal cases. The judge suspended the investigation until the report of the expert engineers was filed, at the request of the citizens' committee of one hundred, and after a consultation with a sub-committee of six, one of whom was Col. R. W. Thompson, ex-secretary of the navy, and at their unanimous request. Mr. Fishback failed to purge himself of contempt, and he was taken to jail by Sheriff Stout.

GEN. RUSSELL A. ALGER was indorsed as a candidate for president at the Michigan republican state convention by the passage of the following resolution: "Resolved That the republicans of Michigan desiring only the success of the party which saved the union and renewing their pledge of loyalty to both its principles and its candidates and recognizing the great worth and strong availability of their generous and noble-hearted fellow citizen that gallant soldier statesman, that friend of the poor, and successful man of business Gen Russell A. Alger, do hereby unanimously and most earnestly recommend him to the republican national convention at Minneapolis as their nominee for president, believing that his nomination, if made, will lead to a glorious republican victory."

DEMOCRATIC PRIMARIES.

The democratic primaries will occur tomorrow afternoon between the hours of 1 and 7 o'clock. Elsewhere in THE SENTINEL today we present the names of those desiring to run for the different offices. We urge all democrats who love their city and who desire to see good men in office to go to the polls and assist in selecting a good ticket. If we fail in so doing, we cannot and ought not to expect success. In the city of Evansville a few weeks ago the people arose above party and elected a first class ticket in every respect. Our people must do the same, if the democratic primaries tomorrow result in the selection of men who are not competent to manage the affairs of the city.

STATE NEWS.

Mrs. Peter Burns, of Cordovia, while seated in a chair chatting with some neighborly callers, suddenly fell over and died. She was the mother of fifteen children.

Philip H. Buskirk, of Bloomington, and Miss Tunie, youngest daughter of Postmaster Hays, of Greencastle, have been united in marriage. Elder A. H. Morris officiated.

J. P. Kiger, of Benton county, a guest at the Bramble house, Lafayette, upon retiring at night blew out the gas. His condition was discovered barely in time to save his life.

J. H. Rudicil, of Martinsville, who accepted a position as teacher in the Hopkins university, California, resigned because of ill health. He has returned to his old home.

Terre Haute and Evansville have been admitted to the Illinois-Iowa ball league, and the first game will be played at Evansville on the 28th inst., with the Terre Haute club.

Mrs. Charles Smith, sr., of Mt. Vernon, is dead of the grip. She was one the oldest and most highly valued of the residents of that city, dying in her seventy-seventh year.

At a meeting of the quarterly convention, Fifth district, I. O. G. T., at Crawfordsville, the district degree was conferred upon six candidates. Rev. D. L. Vandament, of Bainbridge, presided.

"Jack, the Knocker," who walked about the streets of Logansport after nightfall, knocking down people simply to see them fall, has been identified as Elmer Willard. He has been traced to Anoka.

Prof. Charles W. Connor, near Kurtz, is dead of typhoid fever. He was a pioneer of that county, and for many years was employed as a teacher in the public schools. Rev. George S. Connor is a brother.

Gale Vernon, of Alexandria, proposes to establish a cemetery for the burial of horses. He considers that after an animal has served his master faithfully, and gives up the ghost it is entitled to honorable burial.

Alexandria people are trying to induce William N. Whitely, known as the "Reaper King" of Springfield, O., to remove his plant to that place. Mr. Whitely is about to build works for the manufacture of a new reaper and mower.

D. B. Davis, a tile manufacturer, of Anderson while passing through his factory caught his clothing on a set screw, and in a trice he was denuded. Every stitch of clothing was stripped off and he was painfully injured about the head and body.

William Conklin, a wealthy farmer, near Deerfield, was struck by a train and killed. Mr. Conklin had brooded over a lawsuit until his mind was unbalanced, and there is a supposition that he threw himself on the track. He left his home after nightfall.

Exciting primaries were held last night in St. Joe county for the selection of delegates to the various democratic conventions. The state delegates were unpledged. At South Bend the majority chosen were anti-Cleveland, but in the county the result was different.

Now is the time to take a good tonic medicine. Hood's Sarsaparilla possesses the greatest merit and is a popular favorite.

MR. RYAN AGAIN.

He Answers Mr. Mannix Upon the Second Ward Complication.

To the Editor of the SENTINEL:

DEAR SIR—After reading Mr. Mannix's card in your issue of last evening, I think you will agree with me that my chief offence was in the fact that I did not support him for sheriff. He can't conceive of course how a man can differ with him and be honest. He has always had a habit of abusing men he could not use and this is not the first time he has endeavored to stir up party strife. You will possibly recall that he helped to defeat Mr. Peter Certia when he was a candidate for sheriff and if you watched the drift of politics last Friday you possibly noticed, too that Mr. Certia and his friends returned the compliment and settled an old political debt with compound interest, not the least installment of which was paid off in the Second ward. If Mr. Mannix is really anxious to know how he was defeated in his own ward he can get full particulars from Mr. Theme and the powerful and popular gentleman presented by Mr. Clausmeier, and the further fact that he provoked opposition in his own ward by thrusting a ticket into the First ward, the home of Mr. Clausmeier. The fact that I was a candidate for committeeman is trivial and I only consented to stand for that thankless place at the request of a very large number of democrats. The charge that I asked Mr. Mannix or any of his friends to have my name printed on his tickets is as false as the charge that I declared that I would go on the board to defeat his delegates. I was appointed a member of the primary election board by Mr. Martin, the Second ward committeeman. I then had no opposition for committeeman and knew of no opposition until Thursday a week ago, when I heard Mr. Martin's name mentioned. I went to him and stated that if he was a candidate I would not be. He assured me he would not, but that on the contrary, he wanted me to be a candidate and tendered me his support. The next morning Friday, Mr. Martin changed his mind and said he was a candidate for committeeman. I demanded then that he appoint some one to take my place on the board, as I proposed to stay on the outside and protect my own candidacy, for then I felt that I had been tricked at the last moment. Mr. Joseph Nix and Mr. Morris Cody, both friends of Mannix, prevailed on me to act on the board and assured me it was with Mr. Mannix's consent, for if any one objected I should not have served. Well, Mr. Editor, I went on the board, and now I am accused of defeating the will of the people. While Mr. Mannix is around accusing me of counting him out he is protesting in the same breath that Mr. Cody and Mr. Wolke were all right and acted fairly so that it must be surmised that I hypnotized both gentlemen and voted the ward to my own fancy while they slept. I have served on the board at a good many elections in the Second ward and this is the first time the count has been questioned. I believe my friends will bear me out in the assertion that I never wronged a man knowingly nor have I ever spoken ill of a man behind his back. Mr. Mannix is the only man in the Second ward who does not admit that he was defeated by the superior forces of Mr. Clausmeier and Mr. Certia and their friends, and he is the only man in the city who would make the rediculous assertion that by some secret or hidden powers I could change the result in the Second ward without the knowledge of Mr. Cody and Mr. Wolke, with all of us sitting about a small table in sight of every ballot called off and handed by Mr. Cody and certified to by him, a copy of which he left, I think, at the Journal office. This ends the newspaper controversy with me, for when a man questions my word of honor and impugns my motives as a citizen, I shall adopt other tactics.

Yours truly,

PATRICK RYAN.

A REMARKABLE LETTER.

A Prominent Professional Man's Extraordinary Statement.

(N. Y. Sun.)

TO THE EDITOR. SIR: As my name and face have appeared in your paper and the public prints lately, and as many of my professional brethren are wondering at it, I feel it only just that I should make an explanation. The statement published over my name was made ten years ago, after long and mature investigation, and I have never changed my mind as to the facts then stated. At that time I said, as a physician, that I believed Warner's Safe Cure was the best of all known preparations for the troubles it was advocated to cure, and I say so still. I know it is considered the proper thing for the medical profession to decry proprietary and other advertised articles, but why should they do so? As the late Dr. J. G. Holland writing over his own name in Scribner's Monthly said:

"It is a fact that many of the best proprietary medicines of the day are more successful than many physicians, and most of them were first discovered or used in actual medical practice. when, however, any person knowing their virtue and foreseeing their popularity secures and advertises them, in the opinion of the bigoted all virtue went out of them."

Dr. Holland was an educated physician, an unprejudiced observer, and he spoke from a broad and unusual experience. Proprietary medicines should not be decried. The evidences of their value are overwhelming. I have seen patients recover from gravel, inflammation of the bladder and Bright's disease after using Warner's Safe Cure, even when all other treatments had failed.

I make this frank and outspoken statement it the interest of humanity and because I know it to be true. I trust for the same reason you will give it to the public. Respectfully,

R. A. GUNN.

During the meeting of the Muncie Presbytery, Rev. Charles Little, of Wabash, was elected commissioner to the general assembly, with Rev. Mr. Flora as alternate. Rev. Philip Jemison, of Spokane Falls, Wash., who has accepted a call to the Elwood church, was accorded a hearty welcome.

It is reported that A. W. Bash, formerly of Huntington, and an uncle of the Messrs. Bash, of this city, but now of Port Townsend, Wash., has sold 220 acres of improved land at Oak Harbor for $20,000 to a Boston syndicate, who intend to turn it into a fruit and vegetable garden.

PINKHAM'S . PROVERBIAL . PHILOSOPHY . . .

A Defective Link Weakens a Strong Chain.

The female organization is a series of links, so to speak. Note the nervous irritability of one, the restlessness of another, the inability to sleep, and perhaps secret suffering. It means that a link of a chain is weakened. Those ailments are promptly overcome by the use of *Lydia E. Pinkham's Vegetable Compound;* it conquers all those weaknesses and ailments so prevalent among our women.

DEAR FRIEND OF WOMEN.—I have derived so great benefit from the use of your Vegetable Compound that I recommend it in the strongest terms. I consider it superior to any other preparation for Female Complaints.—Mrs. E. A. BECK, 18 Willoughby Ave., Brooklyn, N.Y.

Mr. J. P. Blaize, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review. Mr. Blaize had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and that in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines Mr Blaize regards his cure as simply wonderful. Fifty cent bottles for sale by druggists.

In either of these,

with a little *Pearline*, you can wash clothes more easily, more quickly, and more cheaply, than in any other way. *You* can, we say—but perhaps you don't have to. Then (?) the ease of it doesn't affect you so much. But the quickness, the thoroughness and the economy of it does. The less time that's spent on your clothes, the less it costs you—it's money in your pocket every time they're saved from the wearing rub, rub, rub of the old way. But the *water* doesn't make any difference. Use what's handiest. Hot or cold, hard or soft, salt or fresh, rain or shine, it's all the same if you have Pearline. When you *don't* have it—then there *is* a difference.

Beware Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline" IT'S FALSE—Pearline is never peddled, and if your grocer sends you something in place of Pearline, be honest—*send it back*. 304 JAMES PYLE, New York.

An effort is being made to secure the location of the proposed soldiers' home at Warsaw. The matter was brought under consideration at the G. A. R. encampment held in this city. The proposition is to secure a tract of land not less than sixty acres and the plan of the home, or rather home, is to erect cottages, not to exceed the cost of $[illegible] each. The state G. A. R. men throughout the state favor Warsaw for the location of the home, and it is [illegible] expected that if the proper inducements are held out it can be secured.
